To Whom It May Concern:

This letter is offered as a recommendation for the services provided by D'Novo Services, LLC. Close Construction hired D'Novo Services recently on a project to construct a Re-Pump Station project for Orange County Utilities. They completed the project on time and within the budget. They staffed the project with competent managers and skilled labor to perform the work necessary.

As a General Contractor, we stress jobsite safety and take the precautions necessary to avoid accidents. It was a pleasure to work with D'Novo's staff who also employ a safety-first policy.

Please consider hiring D'Novo Services, LLC for your upcoming electrical needs. We have had good experience with them and appreciate the work they have rendered on this project. We strongly recommend their services.

Sincerely,

A handwritten signature in blue ink that reads "T. Close".
